Love keychain by Made with Love in Brazil

Inspired by the Afro-Brazilian culture of Bahia and the beach lifestyle, designer Mary Jane Marcasiano compiled different representations of love into one beautiful keychain that will for sure bring you some love. Oxum is the goddess of love in the Yoruba religion of Bahia, and her followers call upon her for finding a mate, therefore the yellow Oxum charm. Also on the keychain are the famous "Bonfim" ribbons which you tie around your wrist making 3 wishes with 3 knots; and the "pimenta" and "figa" charms are for good luck. You will have all your bases covered. \$35.00, www.madewithloveinbrazil.com
